SUMMARY

Motivated junior web developer with a passion for learning, problem-solving, and effective communication. Previous experience in translation and project management enhances problem-solving and collaboration skills.

KEY PROJECTS

Portfolio Website

Github repo

- Utilised HTML and CSS, ensuring a **responsive** viewing experience across tablets, laptops, and mobiles.
- Implemented CSS **effects** and **animations** to enhance user experience and engagement.
- Leveraged **semantic** HTML elements to enhance the portfolio's accessibility

Word Puzzle

Github repo

- An **interactive** Wordle-like app, emphasizing user engagement through Python logic
- Extra features include record exporting, rich printing, profile customisation
- Ensured software reliability through comprehensive **testing** and error handling

PREVIOUS EXPERIENCE

Ethnolink

Project Coordinator & Translator

May 2021 - Dec 2022

- End-to-end **project coordination** of 300+ translation projects into a total of 50+ languages
- Built accessible **multilingual websites** using various CMS platforms
- Utilised various **technologies** to complete translation, desktop publishing and video editing tasks
